SIX FLOORS OF GOOD FURNITURE

At Moderate Prices Is Our Slogan

We are constantly searching the great Furniture Markets in order to offer our customers the best value to be had at the price,—but always with the thought of Quality foremost in our minds; for, no matter how low priced an article may be, unless it is made of proper materials, carefully constructed and well finished, it will prove to be expensive in the end.

Strict adherence to this policy has built up this business from a very modest beginning to one of the largest and most aggressive Furniture Houses in the State. We occupy and use the entire six floors of our building at 284 Essex Street, and a floor in the Oswald Building, next door, also. We offer for your selection the largest and most varied stock of Furniture to be had in Lawrence, together with courteous service and an Ironclad Guarantee behind every article sold.

Street and Householders' Directory

1926

The street directory gives the location of each street and shows what other streets or places run from or across it. The house numbers are given in the left and right hand columns, with the names of heads of families and persons in business, in the order of location.

Houses without numbers are indicated by a —. * indicates can be reached by telephone.
